

Love Makes The World Go 'Round

Pat Boone

Love makes the world go 'round
Love makes the world go 'round
Somebody soon will love you
If no-one loves you now

High in some sillet sky
Love sings a silver song
Making the Earth whirl softly
Love makes the world go 'round

High in some sillet sky
Love sings a silver song
Making the Earth whirl softly
Love makes the world go 'round

Making the Earth whirl softly
Love makes the world go 'round
