With You

Pat Boone

With you, a sunny day,
Without you, clouds in the sky.
With you, my luck will stay,
Without you, fortune will fly.

With you, I'll never stop,
Until I reach the top,
Without you,
I will never get by.

With you, a happy song,
Without you, castles that fall,
With you, I can't go wrong,
Without you, chances are small.

With you, my banner's unfurled
Right there on top of the world
Without you,
I'm just nothing at all

(linia melodyczna)

With you, I'll never stop,
Until I reach the top,
Without you,
I will never get by.

With you, a happy song,
Without you, castles that fall,
With you, I can't go wrong,
Without you, chances are small.

With you, my banner's unfurled,
Right there on top of the world,
Without you,
I'm just nothing at all.
