

Even The Losers

Pat Green

Well it was nearly summer we were sat on your roof
Yeah we smoked cigarettes and we stared at the moon
And I showed you stars you never could see
Baby it couldn't been that easy to forget about me

Baby Time meant ain't nothing, anything seemed real
Yeah, you get kissed like fire and you made me feel
Like every word you said was meant to be
Baby it couldn't been that easy to forget about me

Baby, even the losers, they get lucky sometimes
even the losers keep a little bit of pride
they get lucky sometimes

Two cars park on the overpass
rocks hit the water like broken glass
I shoulda known right then it was too good to last
God, it's such a drag to have to live in the past

Baby, even the losers, they get lucky sometimes.
Baby even the losers keep a little bit of pride
they get lucky sometimes.
Baby, even the losers, they get lucky sometimes
Baby even the losers keep a little bit of pride
they get lucky sometimes
Baby, even the losers, they get lucky sometimes.
Baby even the losers keep a little bit of pride
they get lucky sometimes

Like every word you said was meant to be
Baby it couldn't been that easy to forget about me
