I've Fallen

Pat Travers

I'll do,
what you ask me,
I'll do,
what you say,
always and forever,
nothin going to stand in my way,
cause pleasing you honey is surely going to make my day

you've got a crooked smile,
and I'll crawl a crooked country mile,
just to hear someone talking about you,
and maybe see you once in a while,
oh your my cleopatra strolling down,
the bank of the nile...

I'm falling, I'm falling so deeply,
I'm falling ,baby completely
and I'm floating, with your passion
I'm falling for you honey wont you catch me in your
lovin arms..

Please say you'll,
hold me tight,
Please say I've,
got it right,
my heart pounds with emotion,
I would swim the deepest ocean,
just to be with you, your my guiding light...

love to hear your,
baby talk,
love to see your,
lady walk,
you smell so good, like your brand new,
and im helpless,
what can I do?
oh you hold the key that pops
my lock oh yeah...

I'm falling,I'm falling so deeply,
baby completely,
I'm falling,ooh I'm floating
in your passion
I'm falling for you honey wont you catch me in your
loving arms...

REPEAT 1ST VERSE

I'll do,
what ask me, I'll do,
what you say
always and forever,
nothing going to stand in my way
cause pleasing you honey is surely gonna make my day

Im falling, im falling so deeply,
baby completely,

Im falling,ooh im floating,
with your passion
I'm falling for you honey wont you catch me in your
loving arms......
