

The Safety Of Sleeping In

Patent Pending

The safety of home is growing thinner
you're all that keeps me awake
the summer is passing much faster than winter
but we all remember winter's mistake
this island is calling and screaming your name
screaming baby come home

and i'll stay awake through sunrise
cause babe that's the closest to your eyes
won't be here any more
and i'll stay awake through sunrise
cause darling the closest to your eyes
won't be here any more

I guess we're doing ok
I hear you're doing just fine
but darling there ain't a day
when you're not on my mind

and i'll stay awake through sunrise
cause babe that's the closest to your eyes
won't be here any more
and i'll stay awake through sunrise
cause darling the closest to your eyes
won't be here any more

woah woah woah woah
