

## Forced Regression

### Pathology

It begins with anger after the seeding of the skies  
Grows rapidly, grows prominent  
Writing utensils become puncture weapons  
Cognitive thought process diminishes  
Basic human communication vanishes  
Broken glasses and jewelry litter the streets  
Clothes tattered, hunched over  
Clutching a broken chain lies  
With murder in the eyes no time will allowed  
In the return of natural selection  
This forced regression, this condition  
Evolutionary reversal back into the caves  
Few will escape what remains
