

# Reign from Above

Pathology

A ceremony of control from dynasty we reign  
Commonwealth are the cardinals - the King is now dead

Now we ascend the throne - as nations lie  
At our feet  
Installation of succession as we install the children  
Installation of blood I command empires to rise  
Now we ascend the throne - as monarchs  
Lie at our feet

I command thee to rise as I pass the throne below  
Installation of alien blood flows through oceans and seas

Proximity of blood  
As the elders  
Make sacrifice  
To the Lords  
Monarch blood
