Only good good things ah come my way
Better believe the things I say
As a real rastaman I must feel high-ray (make way)
Get up on me kneels and I pray
Good prophesies ina me life come my way (tell em again)
Everyday is my birthday
We are party and we are feel high-ray
And so me say
The haters they want we to fall off
Na na na na...
But we are great we are still tough (yeah)
Go tell them say we can't play rough
Na because in we heart we got one love
