Patoranking

If eno be God
Tell me
Na where I for dey
If eno be God
Tell me
Na where I for dey
Enemies
They wan bring me down
They can't bring me down
Down down down
Say na God dey hold me down
Oluwa hold me down
Down down down

Enemies go
Gimme chance for my disco
Ah so the thing go
From zero to hero
I've been dancing for so long
So long
So long now
I'm on my knees I'm singing

Higher

God don take me higher
Higher Higher
Higher

If eno be God

Na where I for dey
If eno be God
Tell me
Na where I for dey
Enemies
They wan bring me down
They can't bring me down
Down down down
Say na God dey hold me down
Oluwa hold me down
Down down down

My life is looking so marvelous
Shebi dey call we anonymous
This kind of blessing na only us
CCTV and the monitors
Person wey carry God Carey plus
Everything go turn miraculous
