She say my son don't give up the fight  
From the ghetto to ah paradise

## Lion in the jungle

Inna my world failure is not an option  
Born as a king, so it's ah must I function  
My former life is my motivation  
And I want success to be my caption

You know what I mean  
Make mi mama clean  
Give her everything  
House and Limousine  
Big chune pon the scene  
Face pon magazine  
Living everything weh I see inna mi dream

No going back to my former life  
(No no no)  
I told my mama I must get it right  
She say my son don't give up the fight  
(No no no)  
From the ghetto to ah paradise

No going back to my former life  
I told my mama I must get it right  
She say my son don't give up the fight  
From the ghetto to ah paradise
