

I'd do this for you (You)
I'd do this for us (Us)
The heart beat for you
Baby you have my trust (Trust)
Yes I'm in love (In love)
Beautiful love (In love)
Wilmer my love, blessing from above
Whayasay?

Love is a beautiful thing, when you have a great queen
Love is a wonderful thing, when you have a great king
If you want anything, I'ma give you everything
You are my everything, so you deserve more than ten diamond rings

I love the way you are
I love the way you are
My heart filled tears the time I saw your face
Baby I hope you remember
The first time when me I tell you "nakupenda" (Nakupenda)
You're Wilmer my tender, baby
I just wanna see you dance

Dance for me
Baby won't you dance for me?
Dance for me
I wanna see you dance for me, oh-oh-oh-oh
Dance for me
Baby dance for me
Dance for me
(I wanna see you)

Baby oh, you go kill me oh
Baby oh (You dey make my body go)
Tinger, linger, linger, linger, linger, linger, li
Baby oh, you go kill me oh
Baby, baby, baby, baby, baby, baby
You dey make my body go
Tinger, linger, linger, linger, li

You're my tenza, nothing better
You're my lifeline, more than water
Every second, every minute
I'm your soldier, you're my mission
See my vision, your condition
If you listen, really listen
You could hear the beat of my heart
When we're torn apart

And when I get you on the floor
I'm watching you do the most
Make me want right now, now, now
When you turn that round, round, round
And when I get you on the floor
I'm watching you do the most
Make me want right now, now, now
When you turn that round, round, round

Dance for me
Baby won't you dance for me?
Dance for me
I wanna see you dance for me, oh-oh-oh-oh
Dance for me
Baby dance for me
Dance for me
(I wanna see you)

Baby oh, you go kill me oh
Baby oh (You dey make my body go)
Tinger, linger, linger, linger, linger, linger, li
Baby oh, you go kill me oh
Baby, baby, baby, baby, baby, baby
You dey make my body go
Tinger, linger, linger, linger, li

(Baby oh, you go kill me oh)
(Baby, baby, baby, baby, baby, baby)
Tinger, linger, linger, linger, li

I'd do this for you (You)
I'd do this for us (Us)
