

# Cha-Cha

Patrice Rushen

Guess who's walking on a cloud  
Hearing all the birds sing out loud  
As the sun puts on a smile for two  
'Cause I'm near you

Building castles in the sand  
Happy just to hold your hand  
As we walk together by the shore  
Need no more

Dance with me  
You'll see it comes so easily  
Sing with me  
You'll find sweet joy in love and harmony

Knowing what a good time brings  
You don't have to try to do a thing  
All it takes is just a little time  
And some sharing

You make me happy, baby  
Just holding hands, my baby  
This feels so lovely, baby  
Could be I love you maybe

Dance with me  
You'll see it comes so easily  
Sing with me  
You'll find sweet joy in love and harmony

Knowing what a good time brings  
You don't have to try to do a thing  
All it takes is just a little time  
And some sharing

You make me happy, baby  
Just holding hands, my baby  
This feels so lovely, baby  
Could be I love you maybe

You make me happy, baby  
Just holding hands, my baby  
This feels so lovely, baby  
Could be I love you maybe

You make me happy, baby  
Just holding hands, my baby  
This feels so lovely, baby  
Could be I love you maybe...
