

## Heartache Heartbreak

Patrice Rushen

Am I afraid of falling in love  
I've been torn a thousand times too many  
The closer I get to falling in love  
The more I feel my heart might not be ready  
Should I be there in your arms  
Should I go and just be with me only  
Will there be joy or pain in my heart  
Does love mean that I will not be lonely

Heartache, don't come again  
Heartbreak, you've never been my friend  
Heartache, just don't come in  
Heartbreak, you've breakin' my heart again  
Just once in my life can I be free from you  
Gone are the days of memories past

Life was new and love was a beginning  
But memories fade much too fast  
And I know the hurt when love is ending

Heartache, don't come again  
Heartbreak, you've never been my friend  
Heartache, just don't come in  
Heartbreak, you've breakin' my heart again  
For once in my life can I be free from you

Heartache, don't come again  
Heartbreak, you've never been my friend  
Heartache, just don't come in  
Heartbreak, you've breakin' my heart again
