Oh She Felt So Lonely  
When I Par' With My Homies  
In The Town Town Town

She Was There When I Was Down  
When I Was Blue She Was Around  
I Was So Lost Could Not Be Found  
Was Just Wondering Around  
Stranded In The Town

Oh She Felt So Lonely  
When I Par' With My Homies  
In The Town Town Town

Why Do The Good Girls Love The Bad Boy Them?  
And Think They Can Change Them Into Good Guys When  
They Feel That Love In Them  
She Says The Streets Are Full Of Pestilence  
And Temptation, - I Went  
Cause I Can't Stay On Her Ends

Oh She Felt So Lonely  
When I Par' With My Homies  
In The Town Town Town

You Ever Feel Lonely In A Crowd?  
And Above Your Head There Is This Big Black Cloud  
And Only You Can Figure This Out  
It's Like Findin' Food Durin' A Drought

Oh She Felt So Lonely  
When I Par' With My Homies  
In The Town Town Town

Oh I Just Can't Settle Down  
Oh I Just Can't Settle Down...
