Wood is a Pleasant Thing to Think About

"Here is something definite, something real. Thus, waking from a midnight dream of horror, one hastily turns on the light and lies quiescent, worshiping the chest of drawers, worshiping solidity, worshiping reality, worshiping the im- personal world which is a proof of some existence other than ours. That is what one wants to be sure of Wood is a pleasant thing to think about."

"The Mark on the Wall" Virginia Woolf
