

Space in My Heart

Patricia Kaas

Austin/Priest

All I really want to do is get you babe and hold you tight

Never let you go

I promise you

To close my eyes and wait a while

And still find you there

Caring about me instead of just wasting my time

I gave you my heart, ooh baby

Was that not enough?

Chorus:

There's a space in my heart

Waiting for you, yes there is

When you've found where you're going

I'll be there too, yes I will

I guess I never told you that I love you

But each moment was wrong

And I would die

If I never get the chance to show you how strong

I gave you my heart, yes I did babe

Was that not enough for you baby?

Chorus

Going to find a way

Find a way to make you mine
