Miles' up in the sky helping his best friends out
When he wears his disguise, he never lets us down, no
He's got the power to appear before your eyes, yeah
Add his arachno-sting and he's full of surprise, yeah

Spin, spin, spin
Let 'em see you
Spin, spin, spin
This is how you win, win, win
So gather, we'll spin, spin, spin
Spin, spin, spin
Let 'em see you
Spin, spin, spin
This is how you win, win, win
So gather, we'll spin, spin, spin

M-m-m-m-m-m-m-m-Miles

M-m-m-m-m-m-m-m-Miles

Miles spins what he sees, all that he sees up there
And it's incredible he has all that he wants to share
He's got his techno-racer and his Spidey team forever
But their greatest power is the way they work together

Spin, spin, spin
Let 'em see you
Spin, spin, spin
This is how you win, win, win
So gather, we'll spin, spin, spin
Spin, spin, spin
Let 'em see you
Spin, spin, spin
This is how you win, win, win
So gather, we'll spin, spin, spin

Miles Morales is the hero of the year, yeah

Just watch him spin and you can see a little clearer

Spin, spin, spin
Let 'em see you
Spin, spin, spin
This is how you win, win, win
So gather, we'll spin, spin, spin
Spin, spin, spin
Let 'em see you
Spin, spin, spin (Let 'em see you)

This is how you win, win, win (Let 'em see you)
So gather, we'll spin, spin, spin

Spin, spin, spin
