

Super Hero

Patrick Stump

From every corner, every stoop
This is all a friendly neighborhood
From the museum to the park
This is just a friendly neighborhood
And all of the moms and the dads
And the uncles and ants
Black Panther and the Wolf

Everybody here is a superhero
This whole town, this whole town
Don't matter who you are, you're a superhero
This whole town, this whole town
All we have to do is to work together
We can't do it without you
'Cause everybody here is a superhero

Go team Spidey
Team Spidey, go
Go team Spidey
Team Spidey, go

From every playground, every pond
This is just a friendly neighborhood
From Web Quarters to the lawn
This is just a friendly neighborhood
All the adults and the kids
Ghost Spider and Spin
Ms. Marvel and you too

Everybody here is a superhero
This whole town, this whole town
Don't matter who you are, you're a superhero
This whole town, this whole town
All we have to do is to work together
We can't do it without you
'Cause everybody here is a superhero

Put your hands together if you're superheroes

Everybody here is a superhero
This whole town, this whole town
Don't matter who you are, you're a superhero
This whole town, this whole town
All we have to do is to work together
We can't do it without you
'Cause everybody here is a superhero
