

# Close To Paradise

Patrick Watson

We're walking close to Paradise  
And more than other days  
Yes, I'm walking closer and closer  
But not close enough  
Yes, I'm walking closer and closer  
But not close enough

Waking morning sunshine burns  
'Cause you fall from where you felt you are  
And you're running faster and faster  
Oh, but the days they ain't slowing down  
And don't you, don't you wanna be there, there right now

Yes, I'm walking closer and closer  
But not close enough  
Yes, I'm walking closer and closer  
To Paradise  
We'll promise that  
To Paradise  
We'll promise that

Hey lovely people down there  
Let's fill that hole up in the sky  
Don't be afraid to care  
I'm sure you'll find yourself there  
Hey lovely people down there  
Let's fill that hole up in the sky  
Don't be afraid to care  
I'm sure you'll find yourself there

I'm sure you'll find yourself there  
When you're down, hold on  
I'm sure you'll find yourself there  
When you're down, hold on  
I'm sure you'll find yourself there

Close, close to Paradise
