

# House on Fire

Patrick Watson

I'll be wrong  
And you be right  
I don't mind  
Because it's alright

I keep trying to see your side  
Even though I just wanna hide

And we are words  
And we are stones  
This world stands still  
While we are thrown

Where did all our love go  
How'd your eyes gets so cold

You can wrap your truth  
In ribbons and bows  
But I just don't know how to be alone  
And I'm a man made out of holes

Tell me something I don't already know  
Tell me something I don't already know

I'll be wrong  
You be right  
I don't mind  
I just want to make it right

Chairs could fly  
The kids could cry  
So why not light our house on fire  
Our house is a very fine house  
But it got harsh when it got night  
You can take your hands  
And cover your ears  
Scream so loud the neighbours can hear

I don't wanna do  
I don't wanna do this anymore

I'll be wrong  
You be right  
I don't mind  
I just wanna make it right

I don't want  
To be right  
I just want to make it right

I was yours  
You were mine  
There was so much on the line

I keep trying to see your side  
Even though I just wanna hide

I'll be wrong  
You be right  
I don't mind  
I just wanna make it right

I can't see through all the tears  
I can't see through all these years

Drank the rain  
And bent to the sun  
When we were young

Now we're counting down to when we can  
Take the pictures off the wall  
The portraits in the hall  
When you walk out the door  
I won't love you anymore

Can hear their voices call  
(Can you hear)  
(Can you hear those voices call)  
Can you hear their voices call  
For our love to break the fall  
(For our love to break the fall)  
For our love to break the fall

I'll be wrong  
You be right  
I don't mind  
I just wanna just wanna make it right

For our love to break the fall

I'll be yours  
You be mine  
There was so much on the line

For our love to break the fall

I can't see through all the tears  
I can't see through all the years

And I can't carry the weight of our lives  
So I'm just gonna make this right

I can't see through all the tears  
I can't see through all the years

And I can't carry the weight of our lives  
So I'm just trying to make this right

I can't see through all the tears  
I can't see through all the years
