

# Forever Begins Tonight

Patrizio Buanne

Forever Begins Tonight  
We made a pact to take the time  
To get to know each other deep inside  
No rushing in to cross the line  
It may be a little old fashioned but it feels so right  
Bridge:  
Been holding back for so long  
What feels so right can't be wrong  
Baby you can read it in my eyes  
Let's write the story of our lives tonight  
Chorus:  
Don't be afraid, turn down the light  
Baby move in closer  
It's gonna be alright  
This is the moment we'll remember all our lives  
Forever begins tonight  
I know you fear those butterflies  
But let me tell you a secret, so am I  
But it's OK  
Baby it's alright  
Just follow our hearts now  
What we feel inside  
Yeah  
Bridge  
Chorus  
And I know we will be one  
When we see the morning sun  
Chorus  
Don't be afraid
