

We're All In This Together

Patti Austin

It's a family of man we've got on this planet
There isn't one life we can take for granted
Everybody has a mark to leave
A difference to make
Our backs may be against the wall
But our spirit will not break

Is it someone you know or only a stranger?
If we stop to ask then we're all in danger
It takes guts to rise each morning
And look this thing in the eye
The solution starts with love
And a dream that will not die

We're all in this together
There isn't any doubt
We're all in this together
There's no one we can do without
And we'll never give in
'Til we knock this thing out
Every star will shine forever
We're all in this together

Don't you ever lose hope
It's our silver lining
As long as we don't give up
We can reach the horizon
Here's to everyone who's brave enough
To keep fighting for their life
Here's to everyone that's working hard
To shine a little light

We're all in this together
No, there isn't any doubt
We're all in this together
There's no one we can do without
And we'll never give in
'Til we knock this thing out
Every star will shine forever
We're all in this together

We're all in this together
No, there isn't any doubt
We're all in this together
There's no one we can do without
And we'll never give in
'Til we knock this thing out
Every star will shine forever
We're all in this together
We're all in this together
Together
