

Beat My Heart Like a Drum

Patti LaBelle

Maybe you think I'm crazy
Maybe you think I'm strange
Maybe you think that I don't care
And love is just a game
Well, you push me all the time, baby
Where do you draw the line
This has got to change if you want me to stay

Beat my heart like a drum
Beat it hard with some real emotion
Beat my heart like a drum
Tell me I'm the one thing that matters to you

You were my inspiration
I was your easy mark
You were my reason for livin' boy
I needed you so much
But those days are over now, baby
I've got you figured out
Now you got to change if you want me to stay

Beat my heart like a drum
Beat it hard with some real emotion
Beat my heart like a drum
Tell me I'm the one thing that matters to you

Beat my heart like a drum
Beat it hard with some true devotion
Beat my heart like a drum
Tell me my love means something, something to you

Well, well, well, well, you push me all the time, baby
Where do you draw the line
This has got to change if you want me to stay

Beat my heart like a drum
Beat it hard with some real, real emotion
Beat it, baby
Tell me I'm the one thing that matters to you
Beat my heart like a drum
Beat it hard like a revolution
Beat my heart like a drum
Tell me, tell me, tell me, tell me
What I wanna hear
Beat it
Yes, beat it, beat it
Oh, I said, beat it like a revolution
Or any old way you wanna do it
Just beat my heart
Beat my heart
Beat my heart
Beat my heart like a revolution
