

# Call Me Gone

Patti LaBelle

Ahh, watch me from the back  
Ahh, watch me from the back  
Just take a good look

You can call me a fool you can call me crazy  
You can call me anything you want to sweet baby  
You can call me wrong but honey call me gone oh oh oh  
You can call out my name you can call my number  
But by that time Miss Patti just might have another  
You can call all night long but mm call me gone oh oh  
I'm not gonna play in your game any longer

And I'm not gonna hear one more lie one more time no  
You were the one who lifted me up just to let me down  
Why should I stay around? Why? Say  
Call me call me call me gone  
Call me call me call me gone  
Hey you can call it a phase just a phase I'm going through  
You can say anything you want  
But I'm afraid of you you can call it what you want  
But ooh sweet thing call me gone oh oh

I'm not gonna play in your game any longer  
I'm not gonna hear one more lie one more time no no no ooh oh  
You were the one who lifted me up just to let me down  
Why should I stay around?  
I don't think so  
Call me call me call me gone  
Call me call me call me gone  
Ah ah ah ah

I'm not gonna play in your game any longer  
I'm not gonna hear one more lie one more time huh say no  
Just to let me down  
I'm not gonna stay around  
You can call me a fool you can call me crazy  
You can call me anything you want to sweet baby  
You can call me wrong but just remember to call me gone  
I'll bet you'll never forget that will ya?

Call me call me call me gone  
Call me call me call me gone  
Call me call me call me gone  
Call me call me call me gone  
Call me call me call me gone  
Call me call me call me gone
