

# Find The Love

Patti LaBelle

L-O-V-E

Love

Too many words used in our world  
That don't do a thing to make it better  
Think of the children, not only of ourselves  
Teach l-o-v-e, love and make it better

Find the love  
Teach the love  
Preach the love  
So we can keep the love  
Find the love  
Teach the love  
Preach the love  
So we can keep the love

Twenty-six letters from which to choose  
To spell laughter, peace and happiness  
How in the world can we prepare our children  
Teaching words like hate above the rest

All we gotta do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love  
Find the love  
Teach the love  
Preach the love  
So we can keep the love

Time to go forward, stop living in the past  
Come on, let's smile about our future  
(L-O-V-E, love)  
There's so much to conquer from right deep within  
The choice is yours  
Why not make love your friend

All we've got to do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love  
All we've got to do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love  
All we've got to do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love  
All we've got to do is  
Find the love  
Teach the love

Preach the love  
So we can keep the love  
What we've got to do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love  
All we've got to do is  
Find the love  
Teach the love  
Preach the love  
So we can keep the love

All we gotta do is  
Find the love  
Teach the love  
Preach the love  
Find the love  
Teach the love  
Preach the love for the children
