

Love Is Just A Touch Away

Patti LaBelle

Love is just a touch away
A kiss away from being so real
Love is just a touch away
A kiss away from being so near

The fume of you, a taste of fun
Feeling love about to come for me
Don't you see
That love's a touch, a kiss away
Yeah, yeah
A touch, a kiss away, yeah

Love is just a touch away
A kiss away from being so real
Love is just a touch away
A kiss away from being so near

A special lyric in a song
Thinking you wrote every one for me
Can't you see
Love's a kiss away
Yeah, yeah
A touch, a kiss away, yeah

Love, oh love (just a touch away)
Love, love, love (just a kiss away)

Love's a touch, a kiss away
Yeah, yeah
A touch, a kiss away
Yeah, yeah
Love is just, love is just, love is just (that's all it is)
Love is just, love is just, love is just (that's all it is)
Love is just a kiss away
Love is a touch away
