

# Somebody Loves You Baby (You Know Who It Is)

Patti LaBelle

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is

It happened so suddenly  
I woke up one morning with you on my mind  
No matter what I did  
Couldn't stop thinking about you  
Wanted instant replay of yesterday

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is

I'm under your spell  
I don't want to break free  
You can make a slave out of me  
I worship you and nobody else  
I pledge my love to you forever

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is\

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is

I need you right now  
Baby don't say no  
Cause you look like you ready to get it on  
Whatever you give me  
I give it to you back  
All the love you'll ever need I'll give it to you

Somebody loves you baby  
Ooh ooh ooh

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is

Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
Ooh ooh ooh  
Somebody loves you baby  
You know who it is
