

Too Good To Be Through

Patti LaBelle

Baby, don't stop right now
'Cause the very best is yet to come
I like variety, and your kind I like to choose from

Love anticipation
How I fall in sweet sensation
Love me like this endlessly
Said I never get enough

I want you
I need you (I do)
To love me
Just let it flow naturally
Don't rush it
Baby, don't hurry
My darling, you, too good to be through

Hold this love endlessly
Like you're holding on at all costs
Just keep up the energy
'Cause I like the way I'm feeling when I'm in your loving arms

Love anticipation
How I fall in sweet sensation
Love me like this endlessly
Said I never get enough

I want you
I need you (I do)
To love me
Just let it flow naturally
Don't rush it
My baby, don't hurry
My darling, you, too good to be through

Love me, baby
Take your time and we'll get balanced
Drive me crazy
Keep the lovin' comin', no more hit and runnin'
Super, we should do it again, and again, baby
Hey, yeah yeah, yeah, too good

I want you to love me, love me, baby
Why don't you drive me crazy, baby?
Oh baby, keep it comin', no more hit and runnin'
So good, so good we should do it again, and again
And again, and again, yeah yeah yeah yeah, yeah

Why don't you love me, baby?
Love me all you want to
Said (too good to be enough)

Don't you know how good it feels
To be loved nice and easy?
Baby, take your time if you really wanna blow my mind
Too good to be through

I want you (love me)
I need you (need me)
To love me
(Oh, I want you to want me, baby)
Just let it flow naturally
Don't rush it
Don't hurry
(Take your time, blow my mind, hey)
Too good to be through
