

# Hocus Pocus

Patti Page

Oh, if I could say hocus pocus  
And make a grey sky blue  
Then merely say hocus pocus  
And make you love me too

I wouldn't say hocus pocus  
'Cause in my heart I know  
If I need magic to win your love  
I'm better off letting you go

Magic is for the magician  
So let him practice his art  
I want you on one condition  
Your love must come from your heart

So if I could say hocus pocus  
And change the day to night  
Then merely say hocus pocus  
And make you hold me tight

I wouldn't say hocus pocus  
'Cause in my heart I know  
If I need magic to win your love  
I'm better off letting you go  
Hocus pocus
