

Same Old You

Patti Page

In my arms there's someone new
I give my goodnight kisses to
But it's still the same old you in my heart

No other lips no other touch
It's to me baby half as much
Yes it's still the same old you in my heart

I thought that I would find a newer, truer love
But I might as well stop before I start
Although I tried, oh how I tried
To kiss your memory goodbye
It's still the same old you in my heart

I thought that I would find a newer, truer love
But I might as well stop before I start
Although I tried, oh how I tried
To kiss your memory goodbye
It's still the same old you in my heart
The same old you
Yes it's still the same old you in my heart
