

Snake Charmer

Patty Griffin

I'm coming for you, coming for you
Yeah, I'm seeing all the signs
First all the little humiliations
And then you were reassigned
But I'm the snake charmer, snake charmer
And it's going to be fine

We're gonna trick it up, pick it up
Grow it up, show it up good
Shake it up, bake it up
You don't even know it, but you should
But I'm the snake charmer, snake charmer
And it's going to be good
Going to be good
Going to be

I'm coming for you, coming for you
Something deeper than a mine
Maybe it's time you stopped pretending
That you knew it all the time
I'm the snake charmer, snake charmer
And I'm gonna make it shine
