

## Find My Way

Paul Anka

Find my way  
I must leave you, and try to find my way  
I can't take it, not one more day  
Please don't stop me let me go  
And find my way

You've got me so uptight  
You keep insisting that I'm wrong when I'm right  
You do things just for spite  
And I think you're out  
To break my heart  
So I must stop you, before you start

And those games you play  
They're such simple little game to play  
If you cared at all then just stay away  
I can't give myself to you, not one more day

I'm ought to make that break  
Just putting me through changes that I just can't take  
I've got too much at stake

You say you love me still that's no guarantee  
When we're together, a storm hits the sea  
Lightning strikes a tree, please let me go free

Find my way  
I'm afraid that I've found my way  
Keep your distance I want you to help me  
I've got to find my way  
Come on move get away get away get away  
I've got to find my way  
Yeah, I've got to go on without you girl  
I can't go on and leave this way  
Not one more chance...
