

Let Me Try Again

Paul Anka

I know I said that I was leaving
But I couldn't say goodbye
There was only self-deceiving
To walk away from someone
Who means everything in life to you
And you learn from every lonely day
I learned and I've come back to stay

Let me try again
Let me try again
Think of all we had before
Let me try once more

We can have it all
Yes you and I again
Just forgive me, don't say goodbye
Let me try again

I was such a fool to doubt you
To try and make it on my own
There's no sense to my life without you
All I do is just exist
Think about the chance I've missed

And to beg, it's not an easy task
And pride is such a foolish mask

Let me try again
Just let me try again
Think of all we had before
Let me try once more

We can have it all
Yes you and I again
Just forgive me or I'll die
Let me try again
