

Something Good is Coming

Paul Anka

Every little heartache
Brings a little teardrop
Every little teardrop
Brings a little rain

And every day of rain will bring
A rainbow waiting in the winds

Every day of sadness
Brings a little sorrow
Every day of sorrow
Brings a little pain

But all the pain that you've been through
Will disappear, when someone new
Tells you that he loves you
Needs you

And oh, your little blue days
Suddenly are new days

And every day is a treasure
One that you remember
Every day's a pleasure
Full of memories

So keep your chin above the ground
You can't get hurt, unless you're down
Life's full of surprises
Wrapped up in disguises

Something good is coming
It can happen any day

So keep your feet right on the ground
You can't get hurt, unless you're down
Life's full of surprises
Wrapped up in disguises

Something good is coming
It can happen any day

It can happen any day

Every little heartache
Brings a little teardrop
