

Sorry Now

Paul Anka

Here comes the end again
The feeling is occupied
Why did I just rush in?
No way, it can't survive
What can I say
For walking away?

I'm sorry now
So sorry now
I'm sorry, heart
I hurt you that way

Nothing to do with you
Put all the blame on me
Is something I'm going through?
It's all about honesty
Sorry to say
That it ended that way

Sorry now
Sorry now
I'm sorry now
I hurt you that way

Afraid to love
I'm afraid to love
Afraid to love
But I walked away
Afraid to love
Afraid to love
Afraid to love
I'm funny that way

Why do I feel like this?
Hurting so bad inside
Remembering that one last kiss
I break down and start to cry
The price you pay
For walking away

Sorry now (I'm sorry)
I'm sorry now (I'm sorry)
I'm sorry now
I hurt you that way

Afraid to love
I wasn't made for love
I strayed for love
I walked away
I'm afraid to love
I wasn't made for love
I prayed day after day
