

You Made Me Love You

Paul Anka

You made me love you
I didn't wanted do it
I didn't wanted do it
You made me want you
And all the time you knew it
I guess you always knew it

You made me happy sometimes
You made me glad
But there were times, dear
Oh boy, you made me feel so bad

You made me sigh for
I didn't wanna tell ya
I didn't wanna tell ya

I want some love that is true
Yes I do
Mmm I do
You know I do

Gimme gimme gimme gimme what I cry for
You now you got the brand of kissin'
That I die for

You know you made me love you

Gimme gimme gimme gimme humm gimme some more
You know you got the brand of kissin'
That I die for
You know you made me
I can't resist you
You know you made me love you
