

# Heaven Is Where You Are

Paul Baloche

You had every right to stand there at a distance  
But You wrapped Yourself in flesh and ran to me  
Why would I need proof of Your existence  
When Your mercy is the air I breathe  
Your mercy is the air I breathe

I know You're not far away  
God, You cannot be contained  
Heaven is, Heaven is where You are  
Jesus, I call on Your name  
You can do anything, anything  
Heaven is, Heaven is where You are  
Heaven is, Heaven is where You are

I can relate to the thief who hung beside You  
And received the gift that he could never earn  
Wonderful grace, You can make it all new  
Let Your kingdom come in all the earth  
Let Your kingdom come in all the earth

I know You're not far away  
God, You cannot be contained  
Heaven is, Heaven is where You are  
Jesus, I call on Your name  
You can do anything, anything

Heaven is, Heaven is where You are  
Heaven is, Heaven is where You are

Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving

I know You're not far away  
God, You cannot be contained  
Heaven is, Heaven is where You are  
Jesus, I call on Your name  
You can do anything, anything  
Heaven is, Heaven is where You are  
Heaven is, Heaven is where You are

Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving  
Right here, right now  
You're moving, You're moving
