

## Hard Work

Paul Baribeau

Took two hours to wake up today  
Took two hours to wake up today  
Took a half an hour to get into the shower  
The shower took an hour

But hard work helps the time go by  
Hard work helps the time go by

Let a song on the radio make me cry  
Some girl I don't even know drive me crazy  
Let a song on the radio make me cry  
Some girl I don't even know drive me crazy

But hard work helps the time go by  
Hard work helps the time go by

Took two hours just to fall asleep  
Took two long hours to get to sleep  
Got a couple good hours before the bad dreams  
The bad dreams don't let me get any sleep

But hard works helps the time go by  
Hard work helps the time go by
