

## Last Time

Paul Baribeau

You're here for a reason  
You're living and breathing  
And If you keep on trying  
Someday you'll find out why  
And if I love you, I miss you  
'Cause I probably haven't seen you  
In a long, long time

Just don't let it be the last time  
You come into my life  
No, don't let it be the last time  
You come into my life

And maybe all this rock-n-rollin'  
Adds up to nothing  
Well right now it's the only thing  
That keeps me going  
And this road leads home  
If I turn the car around  
But for now I gotta keep on moving

Just don't let it be the last time  
You come into my life  
No, don't let it be the last time  
You come into my life

And I could write you a letter  
But I'm not sure where to send it  
Hope it's better where you're headed  
Than wherever you are  
Everywhere I go, everyone I know comes with  
Wonder how many more can fit  
Inside this crowded, crazy heart

Just don't let it be the last time  
You come into my life  
No, don't let it be the last time  
You come into my life
