

After the Love Is Gone

Paul Carrack

Tell me babe, I wanna know
What it is that makes me love you so
Makes me reap what I've already sown
After the love is gone

Time to change is on my mind
You won't be hurting any other guy
Maybe I'll just have a secret cry
After the love is gone

Time to change I should've known
Say goodbye tell me to my face
I will never be fooled again
Our love has already changed

After the love is gone
Swear I can't go on
After the love is gone
After the love is gone baby
Swear I can't go on
After the love is gone

Falling down each time I tried
Falling down, with a broken pride
Now there's really nothing left to hide
After the love is gone

Stand tall and be a man
I'll never get to ever see her plans
I've got used to hearing doors that slam
After the love is gone baby

I was that man who wondered why
Why a grown man ain't supposed to cry
My heart was strong
It had to break
It's breaking again

After the love is gone
Swear I can't go on
After the love is gone
After the love is gone baby
Swear I can't go on
After the love is gone

I'm sick and tired of feeling like a fool again
I've been feeling down and now I'm in pain
And now I'm only flesh and blood, after the love is gone
