

Cold Light of Day

Paul Carrack

In the cold light of day
Things are much clearer then
In the cold light of day
I don't have to pretend
That things are dull or ill-conceived
Found that love, lived that dream
In the—the cold light of the day

In the cold light of day
There's a sense of truth
In the cold light of day
There's only one route
To happiness and peace of mind
I'm glad I found it just in time
In the—the cold light of the day

Excuse me for saying but it's gotta be said
In the cold light of day you just start up again
The time that's passed won't dissolve your faith
You just see clearly in the cold light of day

In the cold light of day
There's more to repeal
In the cold light of day
All the things you feel
Have settled down
And the pressure's off
You've come around
And found that love
In the—the cold light of day

Well, excuse me for saying but it's got to be said
In the cold light of day you just start up again
The time that's passed won't dissolve your faith
You just see clearly in the cold light of day

In the cold light of day
There's more to reveal
In the cold light of day
All the things you feel
And to happiness and peace of mind
I'm glad I found it just in time
In the—the cold light
In the—the cold, cold light
In the cold, cold light of the day

That's right
