Dig Deep

Paul Carrack

When you're up against the rails
When there's no wind in your sails
You've got to balance on the scales
And dig deep

If your friends have let you down
Nobody wants you around
When your heart is outta town
You gotta dig deep

All kinds of problems can be solved
By letting life do its thing
You're never too young or too old
To let only the good things in

You gotta dig deep
Dig deep
Dig deep
Dig deep

If you feel you might regret
All the things you might've said
You hit the nail on the head

And dig deep

When your prayers might not be heard
And you think that page is turned
But there's still so much to learn
You gotta dig deep

All kinds of problems can be solved
By letting life do its thing
You're never too young or too old
To let only the good things in

You gotta dig deep
Dig deep
Dig deep
Dig deep

If you can't sleep for the fear
And your head seems never clear
If you search but I'm not here
You gotta dig deep
If you search but I'm not here
Dig deep
