

Empty Space

Paul Carrack

It's what we dont say says so much about us
It's how we dont smile tells me all I need to know.

Like the butterfly that flies away from shadows
It's the only place my heart don't wanna go.

It's what I wont do says so much about me
It all seems too much when theres not much to do

On a sunny day I'll shine upon Your darkness
And in a funny way it shines a light on You.

Cause life's an empty space without You
Im all over the place, thats what I found.
Life's a long long road but I know
that if i pray for You You'll be back home sometime.

It's what we won't risk makes us lazy people
It's what we might miss makes us so intrigued.

On an summers day I sit out in the evening
And in a funny way I know You're here with me.

Cause life's an empty space without You
I'm all over the place, thats what I found
Life's a long long road, but I know
that if pray for You, You'll be back home sometime.

Be back home sometime,
be back home sometime...
