

# Good and Ready

Paul Carrack

I'm good and ready  
Ready as I'll ever be  
You know I made it through  
Like I always do  
Now I'm back but you can't see

They call me a sole survivor  
Now they're gonna set me free  
You know it took my time  
Now I'm feeling fine  
Better than I've ever been, oh

I'm good and ready  
I found a new remedy  
I felt beaten out of favor  
Never let it bother me

Kept my head above the water  
And now I'm sitting at the top of the tree  
You know it hurt my pride  
Now I'm justified  
Ready for anything

Ready as I'll ever be  
I'm ready as I'll ever be

I'm good and ready  
Baby, that's the mood I'm in  
So though you can't have me  
I can take it on a chip

I been rolling with the the fortunes  
Now I'm itching to get back in the ring

You know I'm falling to fight  
And the time is right  
I'm ready for anything

I'm ready as I'll ever be, oh yeah  
I'm ready as I'll ever be

You know I took my time  
Now I'm feeling fine  
Ready for anything

I'm good and ready  
Baby, that's the mood I'm in  
I'm good and ready  
Better than I've ever been  
I'm good and ready  
Found a good remedy  
Took some time, now I'm feeling fine  
Ready for anything
