

# If I Didn't Love You

Paul Carrack

You tell me I'm wrong  
And out of line  
The feeling has gone  
It's left behind

But left upon the stairs  
The note I couldn't write  
You walked out of my day  
Into the night

If I didn't love you  
Would I make you walk from me?  
If I didn't need you  
Would I lose you from my dreams?

It's easy to see  
What I've done  
I went and played out  
From the one I love

And right there in the heat  
My fingers all were burnt  
The foundations of our love  
Were never returned

If I didn't love you  
Would I make you lie and weep?  
If I didn't need you

Would I lose you from my dreams?

If I didn't love you  
Would I make you walk from me?  
If I didn't need you  
Would I lose you from my dreams?

You tell me I'm wrong  
And out of line  
The feeling has gone  
It's left behind

But left upon the stairs  
The note I couldn't write  
You walked out of my day  
Into the night

If I didn't love you  
Would I make you lie and weep?  
If I didn't need you  
Would I lose you from my dreams?

If I didn't love you  
Would I make you walk from me?  
If I didn't need you  
Would I lose you from my dreams?
