

No Doubt About It

Paul Carrack

Woohoo

Used to be superstitious
Looking out for a hidden sign
Always crossing my fingers
But I was waisting my time

I was searching for something
But I'm not looking anymore
Because you took some persuading
But it was worth waiting for

Cause there's no doubt about it
You're the best thing that's happened to me
No doubt about it
I'm right where I wanna be

I can always remember
The first thing you said to me
Always follow your feelings
Be true to what you believe

Love don't come easy
Finally it has come to me
I'm so glad I've plenty of it
All the love I need

Cause there's no doubt about it
You're the best thing that's happened to me
No doubt about it
I'm right where I wanna be

No doubt about it
You're the best thing that's happened to me
There's no doubt about it
Girl, I'm right where I wanna be

Woo Woohoo

Used to be under pressure
There's so much on my worried mind
I was tired and entangled
That I could never unwind

You taught me something
Something I will never forget
Life just keeps getting better
You ain't seen nothing yet

And there's no doubt about it
You're the best thing that's happened to me
No doubt about it
Cause I'm right where I wanna be

No doubt about it
You're the best thing that's happened to me
There's no doubt about it

Girl, I'm right where I wanna be
