

# Precious Time

Paul Carrack

Long days in summer  
Walking by the sea  
Warm rays of sunshine  
Shining down on me  
Dancing in the moonlight  
Footprints in the sand  
Light in the harbor  
Listening to the band

So many good times together  
These are the memories I'll treasure all my days

Precious time  
Keeps moving on  
Like these golden days of summer  
I'll soon be gone  
Precious time  
Keeps moving on  
I don't wanna waste a second  
Of your precious time

We've got no way of knowing  
What will be, will be  
But I'm there for you, babe  
I know you're there for me  
So count every blessing  
Count 'em one by one  
Just keep on believing  
Till the race is run

Life is for living  
If I had the chance I know I'd do it all again

Precious time  
Keeps moving on  
Like these golden days of summer  
I'll soon be gone  
Precious time  
Keeps moving on  
I don't wanna waste a second  
Of your precious time

Someday soon  
Heaven knows just when  
We'll be free  
To live and love again  
I can hope  
For a better day  
And all our fears and worries  
Vanish far away

Precious time  
Keeps moving on  
Like a bird that found the wind  
Soon be gone  
Precious time  
Keeps moving on

I don't wanna waste a second  
Of your precious time
