

Raining Raining

Paul Carrack

It's sunny and dry
Without cloud in the sky
Here inside it's raining
Lovers go for a stroll in summer clothes
Here it's cold and it's raining

It's raining so hard
Lord, I wish it would stop
Raining, raining, raining

I heard the weatherman say
We'll be happy today
But in this place it is raining
Lovers will walk around
Without a foot on the ground
But here it's bound to be raining

It's raining so hard
Lord, I wish it would stop
Raining, raining, raining

Yeah, raining, yeah, yeah, raining

It's sunny and dry
Without a cloud in the sky
So tell me why it is raining
Hungry lovers out back
Intent on taking a snack
But here from the crack and it's raining

It's raining so hard
I wish it would stop
Raining, raining, raining

Raining, raining
Raining again
Rain, rain, ooh
