

# Why

Paul Carrack

Why does Monday come before Tuesday  
Why do summers start in June  
Why do winters come too soon  
Why do people fall in love  
When they're always breaking up  
Oh why  
Why do we love if love will die  
Why does Wednesday come after Tuesday  
Why do flowers come in may  
Why springtime go away  
Why do people fall in love  
When they're always breaking up  
Oh why  
Why do I love you tell me why

It's not like I can explain what's in my heart  
It's just I feel a crazy pain when we're apart  
I don't wanna breathe  
I don't wanna think  
I don't wanna love  
I don't wanna do anything  
It's not like I can describe what's going on  
It's just I feel I'm not alive  
When you're not home  
I don't wanna sleep  
I don't wanna be  
I just want you here beside me  
Without you there's no me

It's not like I can escape what's in my soul  
'cause without you inside my heart  
Where can I go  
I don't wanna see no you without me  
I can't go through life without you  
Without you there's no me

Why do the rivers flow to the sea  
If rivers flow why can't your love flow through me, babe  
Why does my mind misunderstand  
To be in love, to feel your love  
Why don't I feel complete

Tell me why  
Tell me why  
Tell me why  
Tell me why
