

You're Not Alone

Paul Carrack

When you need a shoulder you can cry on
I'll be there to wipe your tears away
When it takes someone you can rely on
You can call me any time of day

When no one else will listen, I'll hang on every word
Till you realize there's someone who really cares

When you need someone who'll always love you
You're not alone, you're not alone
When you're lost and stumbling in the darkness
I'll be there to shed a little light
When it seems the whole world is against you
I'll be in your corner for a fight
Others might desert you and friends may turn away
I'll be there to help you every step along the way

'Cause as long as I'm around to help you
You're not alone, you're not alone
Better times are coming just around the bend
We'll be together once again
One day soon, the tide's gonna turn
The flame of love will forever burn

When you feel the burden on your shoulder
I'll be there to share the heavy load
Every day I'll walk along beside you
Every twist and turn along the road

Others might forsake you as you swim against the tide
I will be the shelter when there's nowhere else to hide

And as long as breath is in my body
You're not alone (you're not alone), you're not alone (you're not alone)
You're not alone, you're not alone, baby
You're not alone, you're not alone
